

Waymark Conference – questions we will consider on the Saturday morning of October 12th

The Diocesan survey has highlighted and identified many missional activities underway across the Durham Diocese. It is right that we celebrate these, encourage others and share our stories of what God is leading us into in your context so that others may be encouraged to follow in the knowledge that they have a colleague who has potentially gone before them and can help you avoid the pitfalls.

It would be great if at your PCC you considered these questions and came with written / typed documents that we could collect in.

Q1. What is our context (parish, congregation, service) best known for?	
Q2. What is the Durham Diocese best known for?	
Q3. What would we like our context to be known for?	
Q4. What would we like our diocese to be known for?
